## Installation of Alloc products in combination with sub-floor heating - Ecofilm

Alloc in combination with heated sub-floors has been thoroughly tested by NETAS (Norwegian Institute of Energy & Technique AS) in Trondheim, Norway.

In order to achieve the best installation result when combining Alloc with heated sub-floors, follow the instructions in document La-0510-2 (download from [www.alloc.com](http://www.alloc.com)).

Following these instructions, Alloc AS guarantees the use of Alloc laminate flooring products in combination with Ecofilm80.

For guaranty details, please contact your dealer.
